 - 4. Classified Resignations *Revised CA 34*
 - 5. Change to Classified Assignments *Revised CA 35*

RESOLUTION NO. 10-17-05

Section 6. The Board designates the products, brands, and services specified below to match items in existing projects and to establish complete District-wide standards for maintenance and technology service systems:

A. Low voltage wiring: PANDUIT SYSTEM (VOICE AND DATA WIRING, SECTION 271343) products are necessary because:

- i.** uniformity of product throughout the District will avoid costs related to training staff to services multiple systems performing the same function;
- ii.** these products enable the maintenance department to stock basic replacement parts for rapid repairs.

B. Fire alarm systems: GAMEWELL-FCI (SECTION 283100) products are necessary because:

- i.** uniformity of product throughout the District will avoid costs related to training staff to services multiple systems performing the same function;
- ii.** these products enable the maintenance department to stock basic replacement parts for rapid repairs.

C. Security systems: DIGITAL MONITORING PRODUCTS (DMP, SECTION 281600) products are necessary because:

- i.** uniformity of product throughout the District will avoid costs related to training staff to services multiple systems performing the same function;
- ii.** these products enable the maintenance department to stock basic replacement parts for rapid repairs.

D. School bells and clocks: BOGAM BOGEN COMMUNICATIONS (SECTION 275123) products are necessary because:

- i.** uniformity of product throughout the District will avoid costs related to training staff to services multiple systems performing the same function;
- ii.** these products enable the maintenance department to stock basic replacement parts for rapid repairs.

E. Door hardware and lock systems: PER DOOR HARDWARE SPECIFICATIONS (see attached) these products are necessary because:

- i.** uniformity of product throughout the District will avoid costs related to training staff to services multiple systems performing the same function;
