

Frequently Asked Questions

How does the Free/Reduced-Priced meal program affect school funding?

Every student who is under a certain income, learning English or in foster care generates 20% more funding. In districts where at least 55% of students fall into these categories, they receive even more funding. Completing the meal application ensures your school receives all available funds.

Do I need to fill out an application for each child?

No, you can fill one form for multiple children in the same household.

Who will know that our family submitted an application?

Our system is confidential. Even if your child qualifies and chooses to eat school meals, the breakfast and lunch process is the same as a student who is paying full price.

Do I still need to fill out a form if I qualify for other benefits?

No. If you are currently receiving food stamps or CalWORKS benefits and your information has not changed, your child automatically qualifies.

How can qualifying for Free/Reduces-Priced Meals help with SAT or college application fees?

Any 11th and 12th grade student that qualifies for ***Free/Reduced-Priced Meal*** program is eligible for SAT fee waivers. Students who take the SAT using a test fee waiver can choose four colleges from over 2,000 participating colleges and apply for free.
